ACT NOW to list your business in *Geo Outlook's* 2012 Buyers Guide, Deadline August 3

Geo Outlook's Buyers Guide provides you with the chance to directly target new markets. This year's Buyers Guide can be purchased online at the link provided below. The 2012 fourth quarter issue of the *Geo Outlook* will carry this exciting advertising opportunity. This special issue will stay on the shelves of your potential customers throughout the year. For only \$125, the *Geo Outlook* Buyers Guide will guarantee that your company is not passed over for future business. This fee includes your company description of 50-words and up to three index listings. Additional listings are \$25 each. [Click here](#) for more information and to purchase. Deadline for purchasing a Buyer's Guide listing is August 3.

Register now for IGSHPA's Technical Conference and Expo

Registration for IGSHPA's technical conference and expo opened June 1. The conference will be held Oct. 3-4 in Indianapolis. The conference will feature tracks on marketing, innovations and technical sessions as well as IGSHPA training. Visit the [conference home page](#) for more information and to register. Proposals for presentations can still be sent to Shelly Fitzpatrick at shelly.fitzpatrick@okstate.edu.

Expo Hall has five spaces still available

The Expo hall showcases exhibitors from across the country. Space is still available but filling quickly. Contact Gail Ezepek at 405-744-3616 or [click here](#) for exhibit hall information.

McElroy Training Attended by IGSHPA representative

Steve Stephens, with IGSHPA, took advantage of some special fusion training at McElroy University, McElroy's training facility in Tulsa last month. Stephens attended the 101-Small Diameter Fusion Machine Operator Qualification Training where he studied the procedures for safe handling and proper operation of McElroy fusion equipment using ASTM F2620 Standard Practice for Heat Fusion Joining of Polyethylene Pipe and Fittings. Stephens also took McElroy's class in Mid-Range Fusion Machine Operator Qualification Training.

GEOHERMAL NEWS

New Colorado Springs fire station will be energy wise - Colorado Springs Gazette

Fennell's design uses a **geo-exchange** system for heating and cooling. The system circulates fluid through tubes and uses the ground as a heat sink. The building, paid for by the Public Safety Sales Tax, will have several solar panels and use wind power ... [click here](#)

Ball State Breaks Ground on Final Phase of the Nation's Largest Geothermal ... - Triple Pundit

But Ball State University, located in Muncie, Indiana, has decided to take on the challenge, and in turn make a name for itself as the proud owner of the country's largest geothermal ground-source heat pump system. Construction, which started in 2009 ...[click here](#)

Restoration of Texas Governor's Mansion completed after 4 years, \$25 million - Washington Post

Crews replaced the roof, made repairs to the mansion's exterior and renovated the kitchen, adding 1700 square feet to the mansion's west side. They installed rooftop solar panels and a geothermal heat pump to reduce energy costs. The Perrys weren't ... [click here](#)
